

RECOGNISE GENUINE JOB OFFERS

Even before you join Tata AIA Life, we keep your best interests in mind. So we would like you to be aware of the unscrupulous individuals and placement agencies that are fraudulently enticing job seekers by promising them career opportunities at Tata AIA Life.

Please note that Tata AIA Life or its group companies do not ask for any money or payment from job applicants at any point of the recruitment process.

How to identify fake offers or ads:

1. They come from public email ids like @gmail; @yahoo;
2. They ask to pay/deposit money to appear for interviews; or
3. The emails will contain numerous apparent grammar and spelling errors.

What to do when you receive such offers:

1. Please do not pay/deposit money; or
2. Unfortunately, if the payment is made, please lodge a complaint with local police station or law enforcement agency, so that necessary action can be taken against the imposters;
